Mob. [7058735933](#) | [dompalevishnu@gmail.com](mailto:dompalevishnu@gmail.com) | [LinkedIn](#) | [GitHub](#)

## Technical Skills

---

**Languages:** C, C++, Java, Python

**Frontend Frameworks:** React, Tailwind CSS, Bootstrap

**Backend:** Node.js, Express.js

**Databases:** MongoDB

**Developer Tools:** VS Code, Git, GitHub, Socket.io, Docker, Google Cloud Services

## Projects

---

### [Look-it E-commerce App](#) | *React, Node.js, Express.js, Google Nano Banana*

Ongoing

- Developed a virtual try-on feature that lets users upload their photo and visualize how a product would look on them before making purchase.
- Integrated Google Nano Banana to create realistic product overlays on user images.
- Built the frontend using **React** and **Tailwind CSS**, ensuring a clean, responsive, and user-friendly interface.

### [Kof-Kol-Email](#) | *MERN Stack application, Socket.io*

October 2025

- Developed **Kof-Kol**, a **real-time email-based communication platform** enabling professionals to chat securely using only their email IDs.
- Built an **instant message handling system** with **low-latency delivery** and **real-time synchronization** across sessions.
- Designed a **scalable backend architecture** to manage **high concurrency**, improving responsiveness by **40%**.
- Delivered a secure and seamless email-based chat experience combining professional and instant communication

## Education

---

### **Master Of Computer Application (MCA) —PDEA College Of Engineering Manjri**

Pune Maharashtra | Sep 2025 – Present

### **Bachelor Of Computer Application (BCA) —SRTM University**

Nanded Maharashtra | Aug 2023 – Apr 2025

CGPA: **8.40/10**
